

The 21st Iran International Oil, Gas, Refining and Petrochemical Exhibition

About Exhibition

The 21st Iran International Oil, Gas, Refining & petrochemical Exhibition is among the most significant oil and gas events in the world in terms of the number of participants and its diversity. As Iran sits atop 11 percent of oil and 18 percent of gas reserves in the world, every year, the country hosts an international Oil Show in different oil, gas, refining and petrochemical sectors. The presence of famous foreign companies as well as domestic producers and industrialists provide a good chance for mutual cooperation in view of signature of contracts. Iran International Oil, Gas, Refining & petrochemical Exhibition will display the most innovative products and the most advanced technologies in this field. This Exhibition is an opportunity for getting information on products and suppliers in a concentrated period of time. The exhibition will be organized by National Iranian Oil Company (NIOC) and supported by Ministry of Petroleum.
